Charter on Education for Democratic Citizenship and Human Rights Education

Education plays an essential role in the promotion of the core values of the Council of Europe: democracy, human rights and the rule of law, as well as in the prevention of human rights violations.

More generally, education is increasingly seen as a defense against the rise of violence, racism, extremism, xenophobia, discrimination and intolerance.

This growing awareness is reflected in the adoption of the **Council of Europe Charter on Education for Democratic Citizenship and Human Rights Education** by the Organisation's 47 member states in the framework of Recommendation CM/Rec(2010)7.

Charter for All

Democracy and Human Rights Start with Us - Charter for All explains the Council of Europe Charter on Citizenship and Human Rights Education in a fun and friendly way. This publication includes a brochure for children, guidelines for educators and a poster.

An exhibition "Democracy and Human Rights start with Us" highlights the key messages of the "Charter for All".

Five filmed animations reflect children's perception of democracy and human rights in school and aim to translate in a humorous way some of the key principles of the Council of Europe Charter.
