Themes and goals of the event:

"2018 is the European year for Cultural heritage, and the Italian and Portuguese NA want to organize this international conference to enable people to come closer to and more involved with their cultural heritage. Cultural heritage shapes our identities and everyday lives. Cultural heritage has a universal value for us as individuals, communities and societies. It is important to preserve and pass on to future generations. You may think of heritage as being 'from the past' or static, but it actually evolves through our engagement with it. What is more, our heritage has a big role to play in building the future of Europe."

1. Cultural heritage and European Citizenships- strengthening European Identity.
2. Education and Culture to fight radicalism.
3. Heritage for all (heritage belongs to all, digital tools to broaden the access to cultural material)
