## PROOF OF ACCREDITATION OF JOINT MASTER PROGRAMMES IN SPAIN TO PARTICIPATE IN ERASMUS MUNDUS JOINT MASTER DEGREES CALLS

According to the Spanish Royal Decree 861/2010 of 2nd July that regulates tertiary education under the framework of the European Higher Education Area, the joint master programmes that will result selected by the European Commission as Erasmus Mundus Joint Master Degrees will be **automatically accredited and registered** in the RUCT (The Register of Spanish Higher Education Institutions and Programmes) by the Spanish Ministry of Science, Innovation and Universities. The accreditation will be effective as soon as the Education, Audiovisual and Culture Executive Agency notifies the Erasmus Mundus Joint Master Degree award to the consortium and the corresponding Spanish University sends the accreditation and registration request to the Spanish Ministry of Science, Innovation and Universities.

Therefore, the proof of accreditation of joint programmes implemented by Spanish Universities in order to participate in Erasmus Mundus Joint Master Degrees calls will consist of a letter signed by the Rector of the Spanish University or Higher Education institution in which it will be stated that the joint master programme (the name should be specified) has been authorized by the Rector of the corresponding University to be implemented in the Higher Education Institutions involved in the consortium (the name of all the institutions should be listed). Besides, the present document could also be attached.

The regulations above mentioned in regard of the Erasmus Mundus Joint Master Degrees' automatic accreditation procedure, are confirmed by Spanish Service for the Internationalization of the Education (Servicio Español para la Internacionalización de la Educación - SEPIE), as a designated National Agency by the National Authorities of Spain for the implementation of the Erasmus+ Programme.
