

International Erasmus+ Conference: Apprenticeship Training - A Journey around the World

Date: Between 19 and 20 July 2022

Place: Vienna, Austria

Type of event: Transnational Cooperation Activity. Conference

Working language: English

Number of Spanish participants (VET): 3

Profile of participants: The conference is open to

- key policymakers, stakeholders, VET experts and researchers
- beneficiaries of KA1, KA2 projects
- national VET team members

Themes and goals of the event: The conference aims to promote promising initiatives in apprenticeship training in Europe and worldwide, including policy and systems-level insights, country cases and a final panel discussion in which National Agency directors consider Erasmus+ as a driving force for international apprenticeship training and promote international mobility in Erasmus+ VET.

Expected results: Goals and objectives:

- to highlight the diversity and complexity of different vocational education systems and apprenticeships training in Europe and worldwide
- to promote the attractiveness and quality of apprenticeship training and its opportunities
- to discuss the role of Erasmus+ as a driving force for international developments
- to promote international mobility in VET in the new Erasmus+ programme
- to provide a wider forum for networking opportunities and for sharing experiences between VET experts
