HOW TO START A PROJECT FROM
ZERO WITH PARTNERS YOU
NEVER WORKED WITH
BEFORE ???

What are the risks ?

How to avoid those risks ?

Erasmus + Joint Nordic Contact Seminar
« The Challenge of Teaching Entrepreneurship in Education and Training »

- Starting from needs of each partners
- Taking the time to define aims together
 - Designing the project together
- Sharing the leading in the different phases (preparation, implementation, evaluation and follow-up)

~...

The importance of defining SMART objectives...

How ?

Each partner defines concrete expected results they expect to happen towards :

- young people / learners
- their organisation

In a short term perspective & longer term

INTERNATIONAL TEAM WORK

Working in an international team...

some tips...

- Clarify words you use the most
 - Use simple words
- reformulate regularly to be sure you understand same thing
- Create honest and confident atmosphere (where each team member can express if lost + no hidden agenda)
 - active listening
