INTRODUCTION

Entrepreneurship and entrepreneurial skills is one of the key basic and transversal skills that are prioritized horizontally in the Erasmus+ programme. By bringing together relevant stakeholders for a contact seminar on the theme, the aim is to establish strategic partnerships and foster peer learning and exchanges of experience and best practice from collaborators and colleagues across Europe.

Target group

The contact seminar is aimed at actors in the fields of:

- school education
- vocational education and training
- adult education
- world of work

The actors should be interested in working cross-sectorial and would like to develop teaching materials, implement training modules and establish partnerships for enhancing the quality of entrepreneurship education and teaching entrepreneurial skills.

Objectives

- To share and explore ideas and experience with entrepreneurship education in an intercultural setting

Unidad de Formación Profesional

- To foster new partnerships among participants
- To develop concrete project ideas and proposals
- To develop first steps of an actual high quality application
- To understand the rich potential of cross-sectorial Key Action 2 projects in the field of education and training

PROGRAM

The contact seminar takes place in Copenhagen on 24-27 November 2015.

The content of the seminar will be a mix between presentations and facilitation of processes and methods for partnership building and project idea development including social activities.

The programme starts Tuesday 24 November at 18.00

The programme ends Friday 27 November at 14.00

Participants are expected to take part in the full programme.

Detailed information about the programme will be uploaded on this page in September or October 2015.
